Title:

Comments: omments:This is something that I plan to do for the rest of my life with my family,kids, and friends.

The anchors and bolts on routes are for our safety.

Without the necessary protectionit puts everyone at risk.

This is not only a sport but a learning experience for any and everyone who wants to participate. It teaching the youth to face fears and over come obstacles that one felt seemingly impossible. This will extend far past the rock into everyday life and relationships
