Comments: Once gone, the history, beauty and scenic value cannot be replaced. It is a big mistake to think that nature and wildlife are replaceable. We need these trees for future generations! Our children and grandchildren deserve this heritage. Don't sell their rights nor their heritage for 30 pieces of silver. We saw how that worked out in the Bible. We are to be good stewards of the Earth as God commanded in the Bible. Remember what we almost did to the American Buffalo. Our historic trees need and deserve our protection.
