Comments: I strongly oppose the bolt prohibition. Fixed anchors are an essential piece of climbers safety system and are not prohibited "installations". It is unreasonable for federal agencies to create new guidance policies prohibiting wilderness climbing anchors across the country when they have allowed, managed, and authorized fixed anchors for decades. Prohibiting fixed anchors will create safety issues by imposing unnecessary obstacles to the regular maintenance of fixed anchors, a responsibility undertaken by the climbing community. Prohibiting fixed anchors obstructs appropriate exploration of wilderness areas. Prohibiting fixed anchors will threaten americas rich climbing legacy.
