

Data Submitted (UTC 11): 1/30/2024 11:35:10 PM

First name: Jonathan

Last name: Baker

Organization:

Title:

Comments: Please keep in mind your overriding goal in any action you take. Yours is to protect any and all areas from harm or destruction. We need the USDA to have that as its one and only goal. There is no need to enlarge or enhance public access to certain areas. This is one of those. Please keep this unique area free from further exploitation.
