Comments: How can I comment on the proposal when you haven't presented key info? The public needs to know the number of outfitters, which areas in the Bob, and how many stock and people are allowed per permit day. (10 people and 12 stock per outfitter per trip would be way less impact in the Bob. More numbers is too much and will continue to highly impact the resource and the experience for visitors).

Give us info and give us time to respond and plan to lessen the impact to this incredible place.
