Comments: As a home owner in Kalispell MT for decades I am concerned with the Bob Marshall Wilderness Complex Outfitter and Guide Permit Reauthorization.

My concerns with the lack of site-specific information. The following information should be part of of the reauthorization information to make an educated comment.

- permitted service days versus actual use for each permit
- annual inspections, performance evaluations, or public complaints related to each campsite or operator
- any NEPA documents and related decisions dealing with outfitting service levels or allocation in the Bob Marshall Wilderness Complex
- the Bob Marshall Wilderness Complex Character Narrative
- 2017 needs assessment and extent necessary documentation
- Campsite Management Plans for each outfitter camp

Outfitting and Guide permit should not be given Categorical Exclusion (CE). An Environmental Assessment or Environmental Impact Statement with accompanying public input is called for to properly protect and preserve this incredible Wilderness Complex.
