Last name: Van Hook

Organization:

Title:

Comments: I am a 4th generation Tucson native. I have spent my whole life here, and the majority of the people I know are connected in some aspect to climbing.

Mt. Lemmon is the heart of fitness and wellbeing in our valley. Please take care to protect the recreational and professional activities that take place there. Whether that is Hiking, Biking, Skiing or Climbing.

It is my understanding that one of these activities, and the ability to do it SAFELY is being threatened with impending policy.

PLEASE listen to the climbing community and what they need to maintain their climbing spots, because anything that hinders that will not deter people from doing what they love, but only prevent them from doing it safely and displace associated taxpaying business along with it.

Thank you
