Comments: To Whom It May Concern,

Fixed anchors are an essential piece of climbing gear that I depend on regularly to keep me safe when enjoying the great outdoors. They give me peace of mind, knowing that I can safely venture to places otherwise inaccessible to me to enjoy and appreciate respectively the incredible lands that I'm so lucky to live near. Prohibiting fixed anchors will create safety issues by imposing unnecessary obstacles to the regular maintenance of fixed anchors, a responsibility undertaken by the climbing community. Thank you for your consideration.
