Title: President

Comments: Thank you for the opportunity to engage with the Forest Service in this project. Our Recreation Residence Tract is looking forward to updates to the NWFP and we truly hope that Recreation will remain a priority in the new/updated Forest Plan. The many Recreation Residence Tract residents serve as stewards of our local forests, removing litter and trash left by public use; maintaining fire protection/clearance lines around structures; and helping the general public in the local area of the tracts. Our members will continue to help keep the forest safe and clean, and are happy to work with our local Forest Service to help them in any way possible/permitted. Thank you for your time, energy and efforts on this project.
