SAVE TJE BOB MARSHAL WILDERNESS COMPLEX!
The storied Bob Marshall Wilderness Complex is one of the crown jewels of our National Wilderness Preservation System and helps protect one of the last great expanses of biodiversity in the world. Its more than 1.5 million acres of Wilderness are some of the best habitat for native wildlife such as grizzly bears, Canada lynx, wolverine, elk, gray wolves, moose, black bears, mountain lions, mountain goats, and bighorn sheep. The Bob Marshall Wilderness (also known as the "Bob") holds the distinction of being one of the original 54 Wilderness areas designated with the passage of the Wilderness Act 60 years ago!
