Title:

Comments: PLEASE protect the iconic Bob Marshall Wilderness by scrutinizing renewal of outfitter licenses for non-compliance with The Wilderness Act of 1964. No human construction, including fencing or corrals, are compliant! While an occasional use of pack animals or beasts of burden might be acceptable, regular or intensive use of them is not. Activities which result in broadening of foot trails into wider incursions are not. Please exercise all due diligence in outfitter license renewal.
