Comments: I am very much in favor of the plan to implement new policies to protect Old Growth forests.

As someone who has lived in the Pacific Northwest for over 40 years I have seen the changes in forest and climate first hand. I am both a hiker and camper, and have witnessed the loss of habitat and forest decimation that previous practices have wrought.

I am grateful for the direction that this plan proposes.

Please implement this plan as soon as possible. Thank you for the opportunity to comment.
