First name: Martin

Last name: Thiede

Organization:

Title:

Comments: This will negatively impact our community. I was born and raised in McCall, I am a backcountry skier who uses the area to recreate. McCall is known as a backcountry destination for skiing as well as snowmobiling. The town is supported by these people who come to spend money and that is what keeps the town and businesses running. One group should not take priority this is a shared area and should stay that way period.
