Title:

Comments: I have been a snowmobiler in the area for over 25 years. I respect the closed are that Brundage currently gets and don't ride it until it has reopened in March. In my experience I haven't seen hardly any ski tracks in this area and have no understanding on how they could need more. I now take my kids riding with me and miss the days when we could do a shorter trail ride to Goose Lake and beginners could hone their skills on the open face while the teachers sat below and watched. I could understand closing more area if they were actually utilizing all the area they currently have. KEEP IT OPEN!
