Comments: Hello,

It is imperative to preserve and tend old growth forests.

Amend all land management plans for units of the National Forest System to include consistent direction to conserve and steward existing and recruit future old-growth forest conditions and to monitor their condition across planning areas of NFS.

Our National Forests belong to all of us and those in the future.

They are NOT a for profit resource. Or shouldn't be.

Steward them to prevent fire but do not clear cut.

Thank you
