Comments: I'm reaching out to say that I've been coming out to McCall Idaho for 18 trips over the last 7 years and normally have a trailer full of snowbikes and mountain sleds from the east coast. All business owners and well off people that can spend 15k to 30k on snow toys and thousands of dollars to bring them across the country and fly in and eat like kings the whole time we are in McCall. And spending money in the town. I'm very concerned about if there is any more off trail mountain ridding shut down... there is a lot places in Colorado and Wyoming that are closer and nonstop flights. That people will want to go to instead. Please do not shut down anymore motor mountain riding!!
