Comments: After looking at the brief summary and maps of what is proposed to be done, I do not understand why this area needs to be closed to snowmobiling with that being said, that should be the question for everybody. What does a snowmobile do to affect and hurt an area I see there is a proposed to put in a new bridge a new boat ramp and we want to issue a new boat ramp so people can put their boat in and put chemicals into the water, but we are more concerned about closing an area for snowmobiles. It does not make sense and I believe that this is wrong. This is an overreach of government to take land away from the public. I do not agree, and I believe that others do not agree.
