Comments: I am an avid outdoorsman, and recreational snowmobiler, as I've seen in previous years with closing of an area it is a gateway for more areas to be closed off. With how many people I've seen in the area riding I feel as if closing the area is pointless and a power move to open the door to more closures. This hurts back country skiing and also the snowmobiler community. If we keep closing areas there will be no where to ride and enjoy the backcountry that we outdoorsman love.
