Dear Forest Service:

Relocate homeless from our forests near Bend, OR. Fires, assaults, gun shots, trash, drugs, forcing neighbors to be unsafe in their homes. PLEASE HELP US!!

Thank you for accepting this scoping comment in support of the Forest Service's proposed amendment to the Northwest Forest Plan (NFP). The forests of the NFP region are vital to our region, providing cold, clean water for people and wildlife, inspiring places for contemplation and recreation, older forests home to rare species, climate change mitigation, and job opportunities.

In modernizing the NFP, it is crucial that we ensure that these ecosystem services continue to flow from our national forests and that they are able to adapt to a changing climate.

Thank you for this opportunity to provide comments on the Forest Service's proposed climate-smart amendment to the Northwest Forest Plan.

Sincerely,
Laura Curry
