Comments: I Support Access and Active Management in the Northwest Forest Plan

Dear Northwest Forest Plan,

As an active user of our local PNW Forests I would not only like to see current access maintained but also expanded. Myself and my family use our National Forests for hiking, biking, fishing, off-roading, and snow shoeing. I've noticed some of the roads, trails and campgrounds have been shut down due to lack of funds to keep them open but the increased use over the last few years has put even more strain on the currently open roads/trails/campgrounds. This isn't sustainable and more money needs to be allocated to expand access for all user groups!

Sincerely,

Benjamin Clements
