Comments: Trail #182 is adjacent to and partially lies within the project area. Trail #182 provides a backcountry mountain bike experience with high scenic and solitude values.. Please assure restoration/rebuild of trail #182 so as to address FW-DC-AR-01 through FW-DC-AR-03 of the IPNF Forest Plan. Restoration and rebuild will assure continued use of the trail as a backcountry mountain bike experience with high scenic and solitude values.

I also request that tribal, heritage, biological/botanical, and hydro reviews be performed in a manner that could be used for future planning and construction of additional trails mountain bike specific trails within the project area.
