First name: Forest

Last name: Jenkins

Organization: Prince William Sound Setnetters&#39; Association

Title: President

Comments: My name is Forest Jenkins and I have been commercial setnetting in the Prince William Sound since 2008. I currently own two ANILCA cabins on USFS land that I use every year under a Special Use Permit in my commercial setnet fishing operation. These cabins are essential in my fishing operation and have been used for generations to support this small commercial setnet fishery in the Prince William Sound.

Specifically, I would like to express my support for the language change in Chapter 50 R10-X103 of the Special Use Handbook FSH 2709.11. My family depends on these cabins for our way of life and commercial setnet fishing business in the Prince William Sound. We support the language change that provides us more flexibility and possibility of rebuilding and performing routine maintenance on our cabins. We take pride in maintaining these cabins and appreciate a healthy, open relationship with the USFS to ensure we are in compliance and continue to have our setnet cabins for generations to come.

Thank you for the opportunity to comment and feel free to reach out with any questions.
