Comments: As an avid mountain biker and trail runner, I fully support the proposal to add more to the trail system near Telluride. It is such a great mountain town but I find the trails lacking outside of those that are part of the ski area. This would make a huge difference to the XC network! I am a 2hr drive from Telluride and more trails would bring me there more often including overnight stays and putting money into the local economy, and I am sure that is true for many in Durango's trail running and mountain biking community.
