Comments: I would like to be included in the "interested person" I represent a large group of Forest enthusiasts and have been involved with the process for the full 8 years. I will also submit as a forest owner and manager for WPT and BCH in the checkerboard. In general, we are supportive of the DOR and have made that clear in my article to the tribune. While we are not supportive of managing Wilderness as Wilderness until ratified by Congress, we are pleased with many of the desired outcomes your DOR reflects, and we were very pleased with the HUGE effort you put in to make sure you heard public opinion. For that, we would like to show our support and potentially add input to ongoing considerations where appropriate. Thank you
