Title:

Comments: Please review the motorized vehicle status of Trail #51 which runs northwest from FS road 454 west of Stark Mtn to FS road 536 (divide trail - west Nine Mile Valley - Stark Mtn- Lookout Mtn-Horsehead Peak). The trail is designated for motorcycling, however, the trail ties into 454 east of the Stark Mtn Road security gate. Over the years since the motorized designation, regular trail maintenance appears to be inconsistent.
