Comments: I returned a call I received from Mr. McCluskey (8/7/2023 @ 0900) asking specific questions about access up Lake Creekto Keeler-Rattle. I explained that on the final OSVUM if a trail is not designated on the OSVUM it will not be open to overthe snow. His concern was whether recreators could actually access trail heads legally if snow depth precludedwheeled vehicles. He thanked me and said he would make comments. He mentioned he was opening a BnB and wantedto insure his clients could access their end destination recreation points.
