Title:

Comments: Cabins don't belong in designated Wilderness. The U.S. Forest Service must leave its policy unchanged and phase out ANILCA cabins, as was the original intent. These cabins were never meant to persist in Wilderness, and to change this policy would undermine ANILCA and the Wilderness Act.

Continued human occupation of this wilderness will only result in negatively impacting this area, and leave nothing for future generations to enjoy. You have a chance to make a difference!
