Comments: As a frequent visitor to and support of Wilderness, I request that you do not alter the ANILCA protocol from 1987 regarding the existing cabins. As cabins should not be allowed in Wilderness Areas under the terms of the Wilderness Act, the current policy will phase out the cabins over time as the permit expire. The National Park Service had a similar policy for inholdings in Grand Teton National Park and other locations. Please do not allow these permits to be open ended.

Thank you,
