Last name: Lesinski

Organization:

Title:

Comments: Wilderness means wild & without human intervention. So Cabins do not belong in designated Wilderness! Please have the U.S. Forest Service leave its policy unchanged & eliminate ANILCA cabins which is what was planned. The cabins were never intended for Wilderness areas & to change this rule would do harm to ANILCA & to our Wilderness act.

Please do the right thing for our wilderness areas & keep them Wild as they should be.

Thank you!

Pete
