Comments: I am a tax paying citizen opposed to privately owned cabins under Section 1303 of the Alaska National Interest Lands Conservation Act (ANILCA) - commonly referred to as "ANILCA cabins." The Forest Service should not continue authorizing the renewal or reissuance of special use permits for ANILCA cabins for traditional and customary uses that are compatible with the purposes for which the unit or area was established.

It is time for animals and plants to have the land returned to them. Humans are the interlopers, and have plenty of areas within towns and cities for which they can reside.

Please support animals. They don't have a voice, so they must be protected. Human continue to act as the superior species, which we are not. Please do the right thing and do not continue authorizing the issue of special permits for ANILCA cabins.
