Comments: Great plan. Thanks!

The Arizona Trail is a wonderful asset for our state and such an important resource for people who need to escape from day to day life and really experience the wilderness, in a place that is so accessible to most of us.

In terms of comments regarding the plan, I would request that you work to maintain at least a 1 mile wide corridor for the trail, preserving scenic resources and the peace & quiet that is so important for trail users.

I think it is also important to make sure that this trail is protected in perpetuity. Given the changing nature of our political climate, I encourage you to make it a priority to acquire State Trust Lands.

Thanks for offering us the opportunity to comment.
