Title:

Comments: I strongly oppose these trails around Heart Lake to being recommended for a Wilderness designation unless a non-motorized travel corridor is established as was done for the adjacent Stateline Trail managed by the Nez Perce-Clearwater National Forest.

Carlton Ridge to Mill Creek: I support the recommendations for the Lolo Creek Geographic Area as these trails will remain open to bikes

Cube Iron Roadless Area: I strongly support the recommendation for a Backcountry designation in this area which will maintain primitive characteristics while allowing for bike access

Create at least three opportunities to enhance trail connectivity to create loop rides: I strongly support continuing to improve access and connectivity
