Comments: I frequently winter recreate in the Lolo NF and the snowmobile riding areas that are purposed for closure in this new Plan Revision I strongly disagree with. These areas in the Lolo Creek area that are now up for closure have been historically accessed by snowmobiles for years with no detrimental ecological impact. Furthermore, the given maps (<https://usfs-public.app.box.com/s/mtaadm1uxgjdymaczag01sznpuf2ji3>) seem to be misleading or wrong and it is very hard to gain an understanding of what the intent of the new plan revision and its geographic features due to these inaccurate maps.
