Comments: I am writing to voice my full support of the TMtC Trail Proposal. Free outdoor recreation opportunities are important to foster community and promote inclusivity, as well as to provide more equitable access to nature and its benefits. This plan outlines a thoughtful expansion of a highly utilized network of area trails, which will create better access and overall traffic flow, and hopefully reduce conflict among user groups. It also helps to alleviate both environmental and safety concerns by accounting for trail maintenance and rehabilitation and by creating connector and directional trails. Good work by TMtC!
