Comments: My Husband and I are retired residents of Halfway and regularly use the project area for hiking. Our main concerns are;

Traffic- We live off Record Street and consider logging trucks a safety issue. This road is used by walkers, joggers and cyclists and is used to access to the forest. Also, the road is not designed for repeated heavy trucks. Will the road damage be repaired after the sale?

Forest damage- Leave enough large trees after the sale so that we and the wildlife can enjoy being in a cool and shady environment.
