First name: Bob

Last name: Atchinson

Organization:

Title:

Comments: Hi USFS,

This is your final chance to get this right, IF you want to end up on the right side of history. Throw out your 2006 play book, do some research about what types of forest stands sequester the maximum amount of carbon, take a focused, loving look at your children, grandchildren, nieces, and nephews; then DO the right thing, for them and the people of our planet Earth. The time for action is NOW!

Leave Telephone Gap standing!

Sincerely,

Bob Atchinson

Plainfield
