First name: Don

Last name: Leet

Organization:

Title:

Comments: I have lived in Central Oregon since 1969. My first job was working for the USFS at Rager Ranger Station. One of my first memories was going to Fire School at Crystal Springs. I fell in love with that area then and I still love to visit there. Though I am not an equestrian (I am a mountain biker) I think this trail system is a wonderful addition to the trails we now have. I hope it gets approved and the equestrians will get to use this area.
