Comments: I stand with the Mountain Bike Missoula on these issues:

Cube Iron Roadless Complex: I strongly support recommendation for a backcountry designation in this area which will maintain primitive characteristics while allowing for bike access.

Heart Lake Loop, Stateline Trail : I strongly oppose this action without a non-motorized travel corridor established on trails surrounding Heart Lake. I otherwise support the action to achieve large landscape conservation goals via the Great Burn Recommended Wilderness. I

request that the Nez Perce-Clearwater and Lolo NF align their mgmt policies.

Carlton Ridge to Mill Creek on Lolo Peak: I support the recommendations for the Lolo Creek Geographic Area.

Mountain Biking is such a joy for myself and my family. I hope that once my girls are a little older, they will get to experience the joy of riding as many backcountry trails as possible while being good stewards of the land.
