Comments: I support the designation of a Semi-Primitive Non-Motorized setting for Lolo Pass and Morel Mountain.

Please restrict motorized access into Crystal Amphitheater on Lolo Pass. This area is heavily used for backcountry skiing and snowboarding by Montanans. I oppose FS 16675 as a Semi-Primitive Motorized setting. Please consider it as a Semi-Primitive Non-Motorized setting to prevent snowmobile contact and trespass into this beloved ski area.

Please significantly reduce the excessive size of the motorized buffer along Morrell Mountain Lookout Road (FR 4365) to protect non-motorized access to this terrain near one of our very few backcountry yurts in this range.
