Comments: Please restrict motorized access into the Crystal Amphitheater on Lolo Pass, which is heavily used by the backcountry ski and snowboard community. I oppose FS 16675 as a Semi-Primitive Motorized setting. Please consider it as a Semi-Primitive Non-Motorized setting to prevent snowmobile conflict and trespass into this beloved ski area.

I think areas close enough to trail heads should not be used for motorized recreation, but reserved for human powered travel. Ski touring and snowmobile use would not mix well in the crystal ampetheathre zone because the area is relatively small and travel routes gradual slope enough to snowmobile are limited to areas with "standard" skin tracks. There is ample terrain accessible from packer Meadows or out by granite pass where ski touring people don't go for the motorized community to braaaaap around in.
