Comments: Here are my comments on the Proposed Action for the Lolo National Forest plan.

1. I support the designation of a Semi-Primitive Non-Motorized setting for our favorite local spots at Lolo Pass, Hoodoo Pass, Saint Regis Basin, Wisherd Ridge, Marshall Mountain, and Morrel Mountain. These popular areas provide opportunities for accessible human-powered backcountry skiing/riding day trips on public lands.
 2. Restrict motorized access into the Crystal Amphitheater on Lolo Pass, which is heavily used by the backcountry ski and snowboard community. I oppose FS 16675 as a Semi-Primitive Motorized setting. Consider it as a Semi-Primitive Non-Motorized setting to prevent snowmobile conflict and trespass into this beloved ski area.
 3. Restrict motorized access into Saint Regis Basin. I oppose FS 18591 as a Semi-Primitive Motorized setting. Consider it as a Semi-Primitive Non-Motorized setting to lessen snowmobile conflict.
 4. Significantly reduce the excessive size of the motorized buffer along Morrell Mountain Lookout Road (FR 4365) to protect non-motorized access to this terrain near one of our very few backcountry yurts in this range.
- Thanks for this opportunity to submit comments.
