Comments: To whom it may concern,

I'm writing to express my concern for the future access by mountain bikers to Lolo National Forest. I feel that the community and land are best served by allowing access for all non-motorized users. The Montana mountain biking community is a strong steward of public and conservation land, contributing to both maintenance and responsible development. To do anything but allow the biking community to access this area is doing a disservice to their efforts.

Respectfully,

Ryan Corwin
