Comments: As a resident of Eagle Vail I am in favor of this trail that would connect the Eagle Vail Community with the Avon / Beaver Creek area. Currently there are a number of illegal trails not authorized by land owners that have been improperly constructed. An official trail properly designed and maintained by EV and VVMTA staff will be a benefit to the entire community. This trail will allow hikers and bikers to stay off the highway 6 corridor in this area potential reducing vehicle trips as well as safety concerns as several vehicle / pedestrian and cyclist accidents have occurred along this stretch of HW 6 in the past.

This trail will be a great addition to the already popular trail network located just to the south of the Eagle Vail Community.
