Comments: Dear Forest Service,

Thank you for acting to protect Marhsall Mountain and other areas around Hoodoo Pass and Lolo from motorized access. I have spent two years recreating in these areas and have had some of my favorite days in the mountains there.

I would like to ask that you restrict motorized access into the Crystal Amiptheater and Saint Regis Basin by considering them a Semi-Primitive Non-Motorized setting. Crystal amiptheater was the first place I ever went backcountry touring in Montana and it means a lot to me. I strongly oppose FS 16675 and FS 18591 being a Semi-Primitive Motorized setting.

These areas are treasured places in the backcountry ski community. Thank you for your consideration.
