First name: BARBARA

Last name: SMITH

Organization:

Title:

Comments: Thank u for undertaking this very long overdue project.

Concerns I have are:

Day Use parking

Trail locations thru meadows

OHV use in non allowed areas

Stream crossings

Parallel trails not on 2 track roads

Suggestions:

Possibly delineate/harden Day Use parking area.

Route trails to edge of timbered area or construct Check Dams thru meadows.

Use boulders around perimeter of camping area not

bordered by Buck and Pole fence to curtail camping w/OHV's.

Obliterate parallel trail tracks.

Thank you,

Barbara Smith
