Comments: This project is super exciting. The proposed trail will run right above our place. We would be stoked to offer a hand in building and maintaining the trail. We all frequently use the current trail system, and look forward to seeing what you come up with for this new section. I understand the considerations around wildlife and think we should try to mitigate our impact, but I secretly hope the trail system can one day be extended up the ridge to connect with Paulies.

Thank you to everyone that has worked on this, and we appreciate the efforts to provide recreational opportunities and access while being mindful of our forest neighbors.
