Comments: Lolo Pass: Please include grooming access on the Montana side of Lolo Pass, specifically expansion of groomed nordic ski trails between Lee Creek Campground and Lolo Pass. This will help with expected reduced capacity for skiers at lower elevations.

Pattee/Dean Stone: Improved and expanded parking infrastructure is needed as the demand for nordic skiing in Missoula continues to grow. Please include grooming and trailhead access in higher elevation areas on the Dean Stone Ridge and Skyline Ridge 2127-1 Trailhead and USFS lands and roads to the west and southeast.

Gold Creek: In order for users to access the trails that are groomed up the Gold Creek drainage, please provide road access up 1.7 miles of East Fork Rattlesnake/FS 2112 Road from the intersection with Gold Creek Road. I am asking the the Forest Service to support establishing trail access in this area as a future climate-safe area for nordic skiing.
