Comments: Dear sir i am writing in regards to these poor horses who are made to travel many miles & being subjected to helicopter torture this can lead to broken legs & other injuries ,i ask that they may stay where they are as they are not hurting anyone nor doing any damage they just need to be left alone & not constantly on the move , would you like to be on the move when somebody tells you to?, you may be human & they are horses but please let them stay they are not doing any harm & need a home of thier own without being traumatised . I hope i can count on you to be a kinder human being & allow them to stay where they are thank you
