Comments: The trail idea sounds good at first but when you think about all the pros and cons, it's evident that the cons outweigh the pros. Yes, awesome new trail but there are many other trails already! everyone should be happy with what they have and I definitely as a person who lives in the houses that the trail would pass am happy with what I have : privacy. Privacy is a human right and this trail would be stripping it from the houses it passes and taking it from the beautiful woods that the trail wants to run through. It would cause littering around the trails and would invading forest where many animals live. It's plain, this trail is not a good idea, nor is it necessary. It would anger people living here and would chase out the wildlife. **DO NOT EXTEND THE TRAIL.** Thank you for reading ??
