Comments: This trail is a great idea! As we continue to urge more people to leave their cars at home, we must build more safe off road trails to accommodate not only new riders but existing. I live in Glenwood Springs and I am looking forward to being able to ride my bike east. I only wish that my County would work to continue this trail west, what a difference this would make! Someday being able to ride a bike almost to the state line. That's how we should be thinking.
